Furthermore, my analysis of TikTok results showed that it can actually suffer from some serious problems when it comes to data usage. For example, if you happen to be using 3G, you'll see a lot of messages pop up asking you to turn off your data connection. This can cause a lot of problems because you can't open the app unless your internet connection is off and these messages could also cause us all stress as we're all probably thinking that our internet connection has been turned off (it hasn't).",

In addition to their concerns about the business practices of TikTok, critics have also expressed concern over the reliability of some of these posts by some users. Some people have noted that some of the videos which are shared on TikTok (such as videos that appear to be self-made) are actually recorded and uploaded by other people. It is even possible that a fake account could be set up where someone uses a photo of an actual user they targeted for harassment in order to impersonate them on TikTok. People have also noted that a lot of the content on TikTok is fake. In addition, they also note that many of the people who are able to post videos (which require a subscription) have accounts which they use to create spam videos in order to attract more subscribers.",
